CHILLIWHACK BY-LAWS.

BY-LAW NO. 18 OF THE MUNICIPALITY OF CHILLIWHACK.

A By-law to provide for the draining of portion of Township 26, Municipality of Chilliwack, to be known as the "Big Prairie Drainage Scheme," and for the borrowing on the credit of the said Municipality the sum of Fifteen Thousand Five Hundred (\$15,500.00) Dollars for completing the same

PROVISIONALLY ADOPTED THE 12TH DAY OF DECEMBER, 1891.

WHEREAS William Newby, George R. Ashwell, J. H. McGuire and others, being a majority in number and value of the owners, as shown by the last revised assessment roll of the property hereinafter set forth to be benefitted by the construction of the drainage works hereinafter provided for, have petitioned the Council of the said Municipality praying for the drainage of the following lands in Township 26 of the said Municipality, comprised within the following boundaries, namely:—Commencing at the south-east corner of section twenty-five (25), township twenty-six (26); thence following Elk Creek to the Chilliwack Central Road; thence following said road to south-east corner of section thirty-three (33); thence north half a mile; thence due west to the south-west corner of lot 334, group 2, New Westminster District; thence in a south-westerly direction to the north-west corner of lot 341, group 2; thence south to the Chilliwack River; thence following said river to Prairie Central Road; thence east along said road to the north-east corner of lot 296, group 2; thence due south to the mountains; and thence following base of mountains to point of commencement;

And whereas with such purposes in view the said Council procured an examination to be made by Frederick J. L. Tytler, Civil Engineer, being a person competent for such purpose, of the said locality proposed to be drained, and has also procured plans and specifications and estimates of the work of construction to be made by the said Frederick J. L. Tytler, and an assessment to be made by him of the lands to be benefitted by such drainage, stating as nearly as can be the proportion of benefit which, in his opinion, will be derived in consequence of such drainage by every section and part of section, the said assessment so made by him being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections and part of sections hereinafter in that behalf specially set forth and described, and the report of the said Frederick J. L. Tytler in respect thereof, and of the said drainage being as follows:—

CHILLIWHACK, B. C., 1st September, 1891.

To the Reeve and Council of Chilliwack:

GENTLEMEN: Having been instructed by your honourable body to make an examination and survey of the Big Prairie for the partial draining of the same, and to form a scheme complying as far as possible with the views of the settlers as petitioned for by Messrs. Newby, Chapman and others, I beg to report that I have made such examination and survey, and I recommend that the work be done as follows:—

1st. That the Suniault be cleared of all weeds and logs throughout the whole breadth of the present channel, and that this weeding be effectively done by grubbing out the roots.

2nd. That the two bars in the channel of the Suniault, known as its upper and lower bars, be cut, and that the channel at these places be widened to fully 20 feet, with an extra average depth of one and a half feet.

3rd. That the channel at the head of the stream be straightened by cutting across a series of bends, in all 1,540 yards in length, giving this new channel an average width of ten feet, and an average depth of four feet.

4th. That the McCutcheon drain be cleared out, and that 770 yards at the upper end be lowered according to section given to an average depth of two and one-quarter feet, and a mean width of 12 feet.

5th. That a small catchwater drain 4,200 yards in length, 2 feet in depth, and an average width of two and one-quarter feet be cut. The earth from this cutting to be made into an embankment of one foot in height on the side of the ditch opposite the Chilliwack, beginning this ditch at the centre of section 8, going north through the centres of section 17 to the south line of section 20; thence following the line of the Indian Reserve in sections 20 and 19 to the Chilliwack River.

6th. That the McGuire drain, which runs from the foot of the hills at the south-east corner of the south-west quarter section of section 23, along the dividing line of sections 22 and 15 to the Suniault, and including the extension to the north-east quarter section of section 16 be cleared out and deepened three quarters of a foot at the head, and one foot at the mouth, grading evenly between.

7th. That the Bailey drain running from the foot of the hills between sections 8 and 9 to the Suniault (with which I associate the drains to the right and left of it on the McGuire Road to the extent of a quarter section each way, for the reason that these two ditches flow into this drain) be cleaned out, and that the above drain on the McGuire Road, and that portion of the Bailey drain from the McGuire Road to the Suniault be sunk one foot, and that from the McGuire Road south for a distance of 440 yards the Bailey drain be cut four feet in depth, and an average of four and a half in width.

8th. That the drain known as the Prairie Central, commencing at the Upper Prairie Road, and running thence between sections 23 and 26, 22 and 27, 21 and 28, 20 and 29 to the Suniault be cut to sections chosen by the settlers on this drain and sanctioned by the Council, as follows:—First mile from the Suniault, depth 5 feet, average width, 7 feet; 2nd mile, depth 5 feet, average width 6 feet; 3rd mile, depth 5 feet, average width 5 feet.

9th. That the drain known as the Chilliwack Central, commencing at a point close to the south-east corner of the south-east quarter section of section 33, and running between sections 28 and 33, 29 and 32, and cutting across the north-west corner of the north-west quarter section of section 29 to the Suniault, be cleaned out and lowered one foot.

10th. That the Lindell drain, running from the foot of the hills between sections 15 and 16 to the McGuire Road, be left as it is, as it fulfils the requirements of the present scheme.

I estimate the cost of the above as follows:—

NORTH COWICHAN BY-LAWS.

BY-LAW No. 41.

A By-Law for Regulating the Municipal Elections.

WHEREAS it is necessary to pass a by-law for the better regulation of the Municipal Elections, therefore be it enacted:—

1. A general meeting of the voters of the municipality of North Cowichan shall be held yearly, on the second Monday in January, at noon, at the Council Chambers, for the purpose of nominating candidates for the respective offices of Reeve and Councillors.

2. In case of a poll being necessary, a ballot shall be held on the Thursday next after the second Monday in January, for the election of Reeve or Councillors, as the case may be, between the hours of 10 a.m. and 4 p.m., at the Council Chambers.

3. The mode of nomination of candidates shall be as follows:—The candidate shall be nominated in writing; the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of notice and 2 p.m. of the day of nomination.

4. The ballot papers shall be signed on the back with the name of the Returning Officer, but with no other mark or sign, and handed to the voter, who shall make the mark X opposite the name or names of the candidate or candidates he wishes to vote for, and shall then fold the paper so that only the name of the Returning Officer on the back can be seen. He shall

show the name to the Returning Officer, and shall then deposit the paper in the ballot box.

5. Any ballot paper that shall have any mark or sign other than that authorized by this by-law shall be void.

6. The Returning Officer shall be furnished with a list of persons entitled to vote in each ward, and shall, as each person votes, place a mark against his name.

7. The ballot box or boxes shall be opened and shown to be empty in the presence of two responsible voters, then closed and sealed, and shall not be again opened until the poll shall have been closed. The Returning Officer shall then, in the presence of two or more qualified voters, count the votes, and declare the candidate or candidates who has or have the greatest number of votes duly elected, and shall, within two days thereafter, notify such person or persons of his or their election.

8. The Returning Officer shall keep the ballot box or boxes in his possession until after the declaration of the poll.

This by-law may be cited for all purposes as the "Election By-Law, 1891."

Passed the Municipal Council this 19th day of December, 1891.
